

# Kettering City School District

## Web Page Release Form

The **Kettering City School District** requires the consent of a parent or legal guardian before any identifiable student photograph or identified student work is posted on the district's Web Site (Internet). The district Web Site includes general district information, as well as individual school pages that provide information regarding programs, services, accomplishments, projects, events and activities pertinent to that individual building. We view our website as an important tool in communicating with our various publics about district events and activities, as well as all the outstanding accomplishments of our students and staff members.

By signing below, you have the option to grant permission or deny permission for the posting of your child's name and photograph to the Kettering City School District's Web Site. *Please Note:* Board policy requires that **only a child's first name be used** in identifying him/her on the web page. No last names will be used to identify students on the district's web page unless permission to do so is granted by the child's parent or guardian in the section below.
