

WELCOME EVERYONE to the 2022-2023 School Year.

As Principal, I want to express how important your child and his or her successes are to the Prass staff. The mission of Kettering Schools, in partnership with the family and community, is to guarantee a superior educational learning experience for all students by providing a positive and innovative learning environment, while responsibly utilizing resources.

At Prass Elementary School, we nurture the growth and development of the whole child in a supportive and positive atmosphere so that one day all students may accomplish their dreams. We value communication between the school and community. Through collaboration we will provide an engaging environment that promotes academic excellence for all students. Together we will encourage our students to use critical thinking skills, thoughtful communicators, engaged collaborators, global citizens and foster a love for lifelong learning.

Stronger together,

Mrs. Jennifer Paxson
